

8th October 2019

Dear Parent/Carer,

As part of our continued drive to extend and enrich the curriculum for students at Outwood Academy Easingwold, on Wednesday 16th October all students in years 8 and 9 will be participating in Restart a Heart Day.

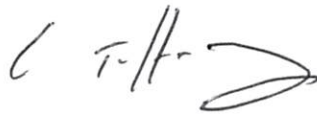

The day will be run by the NHS, during school lesson-time and each student will take part in a 30 minute session where they will learn the basics of cardiopulmonary resuscitation (CPR), defibrillator use and first aid surrounding heart attacks.

We hope you agree that this is an important life skill but we also appreciate that this could be emotive for some children. If you have any concerns about this please contact enquiries@easingwold.outwood.com.

Further information about the initiative can be found via the following link.

Yours faithfully

Chris Tiffany
Assistant Principal
